

# Connaught Bowls Club

## Station Road Attleborough

### **NOT SURE ABOUT BOWLS BUT WOULD GIVE IT A GO?**

We are holding introductory sessions on our green from Saturday 4 May 2019 10.00am to 12.00pm and on most Saturdays during the summer. All ages welcome from 10 years upwards

All bowls equipment provided and at no cost to you. Just wear flat, soft-soled shoes – trainers will do – to protect the green. Dress informal – jeans, tracksuits etc

Where are we? Off Station Road on the approach to the Recreation Ground opposite Mortar's Garage. We are on the right before you reach the Football Clubhouse and the Scout Premises

### **WHAT HAPPENS NEXT?**

If you like the game you can have another 3 sessions on Saturday mornings, making 4 in all. After that we ask you to decide whether to join the club

### **I HAVE PLAYED BOWLS BEFORE. WHAT CAN YOU OFFER ME?**

We have about 160 members and are a Community Amateur Sports Club run on a volunteer basis through a committee

Two forms of the game are played, lawn bowls in the summer on a standard 6-rink green and short mat bowls in the winter on two mats in the clubhouse

The club is an active 7 days a week operation and summer and winter we have a full programme of competitive cup and league matches against other clubs, of internal competitions and of purely social bowling. For the most part men and women play together in the same sides

Our club sides are “competitive” - not the strongest in Norfolk but certainly not the weakest. If you are very keen you can play 7 days a week all the year round if you wish. Entirely up to you!

Social functions are held throughout the year in excellent and well-maintained facilities matching anything in Attleborough

### **WHAT ELSE CAN YOU TELL ME ABOUT OUR CLUB**

The introductory sessions will cover all those things, but we also suggest that you look at the club website which is very informative and is updated daily [www.connaughtbowlsclub.co.uk](http://www.connaughtbowlsclub.co.uk)

**“Give It A Go”**

**Our outdoor introductory sessions start on**
